CRISIS STILL TO COME

CRUCIAL POINT IN PEACE NEGOTIATIONS HAS NOT YET BEEN REACHED.

MINOR ARTICLES AGREED TO

MAIN POINTS AT ISSUE LIKELY TO BE POSTPONED UNTIL END OF CONFERENCE.

Portsmouth, N. H., Aug. 15.—Although very rapid progress was made in the peace negotiations Monday, three of the twelve articles which constitute the Japanese conditions of peace having been agreed to by M. Witte and Baron Rosen on behalf of Russia, neither of the two articles to which M. Witte in his reply returned an absolute negative was reached. The crisis, therefore, is still to come. It may be reached during the day, as the cession of Sakhalin comes fifth in the list. The three articles, as they are officially designated in the brief communications authorized to be given to the press, which were disposed of Monday, are in substance as follows:

First—Russia's recognition of Japan's "preponderating influence" and special position in Korea, which Russia henceforth agrees is outside of her sphere of influence. Japan binding herself to recognize the sovereignty of the reigning family, but with the right to give advice and assistance to improve the civil administration of the empire.

Mutual Evacuation of Manchuria.

Second—Mutual obligation to evacuate Manchuria, each to surrender all special privileges in that province, mutual obligation to respect the "territorial integrity" of China and to maintain the principle of equal opportunity for the commerce and industry of all nations in that province (open door).

Third—The cession to China of the Chinese Eastern railroad from Harbin southward.

There never was any question about the acceptance on the part of M. Witte of these articles, the first two covering in more emphatic form the contentions of Japan in the diplomatic struggle which preceded hostilities. This is a natural consequence of the result of war. The cession of the railroad, the building of which cost Russia an immense sum, estimated by some at between \$100,000,000 and \$200,000,000, is to China. Japan and China, therefore, will arrange between themselves the method by which the former is to be remunerated and through this financial operation Japan might have a very considerable portion of her claim for the "expenses of the war" liquidated.

The railroad is ostensibly the property of the Russo-Chinese bank, although built by government money advanced through the bank and since its completion operated, managed and policed by the Russian government.

Japan Cannot Take the Railroad.

Japan cannot take the railroad herself. To place herself in Russia's shoes regarding the railroad would be militarily to control the destinies of the three provinces of Manchuria which she has promised to return to China. But Japan is entitled to reimbursement for the expense to which she has been put in restoring the railroad below the present position of Linneitch's army, rebuilding the bridges and narrowing the gauge. If China could not find the money some other powers might do so and the road would become hypothecated to the powers which advanced the money, as other Chinese roads are to those who advanced the money for their construction.

It was M. Witte himself who organized the Russo-Chinese bank in 1895 and who has always been considered the real organizer of the Chinese Eastern company. Mr. Berg, the attorney of the Russo-Chinese bank, which owns practically all, if not all, of the shares of the road, is attached to the Russian mission.

Both sessions of the conference Monday are described as "amicable." There were several slight jars, but none of them serious. The plenipotentiaries are showing admirable temper. The change in the weather may be partially responsible for the serenity manifested at the conference table, but it would be perhaps too much to say that the fate of such a gigantic negotiation had been effected by a few degrees of temperature and a few thousand mosquitoes.

First Great Stumbling Block.

During Tuesday in the ordinary course of proceedings the first great stumbling block to a treaty should be reached, as after Port Arthur and the leases of Liaotung, which are included in Article four and which M. Witte is undoubtedly prepared with slight modifications to accept, comes Article

five—the cession of Sakhalin. But it is by no means certain that when this obstacle is reached it will not be postponed until all the articles upon which agreement is easy or possible are disposed of. If this course is followed, and there is high authority for the opinion that it will be, it will indicate a disposition to put off the real struggle to the very last and the longer the conference endures the brighter the prospects of a treaty are likely to become. "Every day they sit," said a very high authority, "increases the chances of peace."

Mr. Sato said Monday night that he had come to Portsmouth hopeful of a successful issue of the negotiations and that nothing had occurred to alter his optimism.

The language of the three articles adopted Monday will form practically the text of the "treaty of Washington" if one is signed, subject, of course, to a final revision. Each side has agreed to the articles and they are included in the protocols of each day's session, which are officially signed by the plenipotentiaries the next morning.

Record of Discussions.

In addition to the minutes kept by each side, there is an abbreviated record of the discussions giving the arguments made on each side of every point, which are daily attested, so that when the conference is ended the record of the proceedings will be complete. Of course, the agreement article by article does not bind either Russia or Japan until a final agreement is reached and the treaty is signed.

It is, however, significant that Mr. Sato, while specifically stating that he did not speak officially, gave it as his opinion that each power had now bound itself to the articles agreed to.

In the discussion of the second article (covering the evacuation of Manchuria)—it is positively stated that Russia won a victory. Baron Komura, so it is declared, wanted to limit the obligation to evacuate Manchuria and to surrender special privileges in the province to Russia, whereas M. Witte contended that the obligation for evacuation and the surrender of special privileges should be mutual and that the evacuation of the troops should take place concurrently.

At 1 o'clock Tuesday morning the statement was made that while the facts given out earlier regarding the article covering the cession of the Chinese Eastern railroad to China are correct the third article agreed to Monday did not deal with that question.

It seems to be taken for granted among the attaches of both the Japanese and Russian missions that there will be no general battle in Manchuria while the peace negotiations are on.

WITH CZAR'S ENVOYS

PROMINENT JEWISH FINANCIERS

DISCUSS CONDITION OF THE

JEWS IN RUSSIA.

Portsmouth, N. H., Aug. 15.—A free exchange of views on the subjects of the condition and treatment of the Jews in Russia was had Monday night in a conference between M. Witte, Baron Rosen and Oscar Straus, Jacob H. Schiff, Isaac N. Seligman and Adolph Leiwsohn of New York and Adolph Krause of Chicago. The statement was made by the delegation calling on the Russian plenipotentiaries that nothing tangible resulted from the discussion, but further benefit was looked for. The financial condition of Russia was not mentioned as a topic of discussion, according to Mr. Krause.

M. Witte on his return to New York will have another conference with the Jewish delegation when the whole subject will be gone into more fully. Speaking of the conference, Mr. Straus said: "M. Witte impressed me as a kindly man of exceedingly broad and liberal views. The conference, you may say, was satisfactory. We shall see M. Witte when he comes to New York again. Finances were not mentioned."

Nevertheless some of the members of the delegation did not hesitate to say that if the condition of the Jews in Russia were ameliorated and they were placed on an equality with other Russians, Russia would have no trouble in raising a loan in the United States to be used either for the continuation of the war or for the payment of an indemnity.

SIENKIEWICZ UNDER THE BAN.

Noted Novelist Sentenced to Detention in His Home.

Warsaw, Aug. 15.—General General Maximovich Monday sentenced Henryk Sienkiewicz, the Polish novelist, to detention for an indeterminate period in his residence for signing and publishing papers in protest against the Russification of schools in Poland. A number of other notables were similarly punished.

Henryk Sienkiewicz sent an article

H. F. MICHAEL CO'S Daily Store News

Silk Waists 1/4 off

Jap wash silk waists. The kind you will be able to wear until late in the fall. These wash beautifully—white or brown—on sale tomorrow **1-4 off**.

Please Remember

That our store will close at 6 o'clock after September first. We announce this frequently that you may get the habit of finishing your shopping before that time—6 o'clock.

YELLOW FEVER CASES

SLIGHT DIMINUTION IN THOSE REPORTED IN THE CITY OF NEW ORLEANS.

THE BEGINNING OF THE END

DECREASE IN NUMBER OF CASES MAY MEAN THAT PLAGUE IS UNDER CONTROL.

New Orleans, Aug. 15.—Partly as a result of left over cases from Sunday and partly from the fact that the inspectors were able to put in a full day's work there was again a large number of new cases of yellow fever reported Monday, the bulk of them, as before, coming from below Canal street. That section is now very generally infected, though there are some areas of it which have thus far entirely escaped. Slow progress is made by the disease in what is known as the American portion of the city and with few exceptions the cases are isolated.

Official yellow fever report up to 6 p. m. Monday is as follows: New cases, 55; total to date, 1,018; deaths, 12; total to date, 166; new sub-foci, 8; total sub-foci to date, 210; cases under treatment, 356.

The figures for Monday are considerably surprisingly small, considering that nineteen of the cases reported really belong to Sunday's list, having come in after the closing of Sunday's report. Monday has usually been a heavy day for new cases on account of hold-overs from Sunday, and if the number of new cases for the next few days continue small, then it can be said that the situation is really improving. Of the new foci, four are up town and four below Canal street.

The comparative decrease in the number of new cases may mean that the plague is practically under control in this city.

Assistant Surgeon Corpu went to St. James parish and found a case at Lusher, a large lumber town. This case is traced to Reserve plantation.

The parish health officer of St. Charles reports that Diamond and Good Hope plantations have each one suspicious and three positive cases. Two more cases were discovered on the Wildwood plantation in Jefferson parish. Another case has developed at Port Barrow, in Ascension parish. There are two cases at La Fourche crossing. Patterson reports three new cases and no deaths.

Druggists Prescribe for Patients.

Concerning the statement that druggists have been prescribing for patients in order that families might avoid reporting sickness to the authorities. Dr. White said that he did not consider it within the line of his duty to prosecute druggists who prescribed without a doctor's certificate.

The agitation over this matter grows out of a discovery on Saturday of the case of a young woman of some prominence who was found to be critically ill with yellow fever without a doctor in charge. Only a druggist had prescribed for her. Her case proved fatal on Sunday and Monday a new case was reported in the same house.

The two cases of yellow fever reported near Pointe-a-la-Mache Monday, in Plaquemine parish, are understood to be Italians who left New Orleans in the middle of the excitement following the discovery of the nest of cases in the old French market quarter. Several hundred Italians at that time sought refuge in Plaquemine.

While it is contended that yellow fever is not, as was formerly supposed, a filth disease, experience here is that people who live in filth and in unsanitary surroundings are much more likely to have a fatal termination of the disease when they contract it than are those who live in the midst of a better environment.

Assistant Surgeon Berry is on the road to recovery.

Dr. Reginald B. Leach of St. Paul is probably the most talked of man in New Orleans today, and in addition to being talked of, he is implicitly believed in by one-third of the people of the city, while an additional third is taking his arsenic preventative of yellow fever. The action of the Orleans Medical society in turning him down Sunday has made him more popular than ever.

UPRISING IN CHINA.

May Follow the Boycott of American Goods.

Washington, Aug. 15.—There is grave danger of another uprising in China, similar to the Boxer disturbance, growing out of the boycott on American goods. Consul General Rogers, at Shanghai, Monday advised the department of state that the foreign residents of Shanghai were apprehensive and feared a demonstration against them.

Feeling against the Chinese government by its subjects is running high, and there is deep resentment because of the refusal of the government to allow mass meetings to discuss the boycott.

VISITS PRESIDENT ROOSEVELT.

Baron Kaneko of Japan Makes His Third Trip to Sagamore Hill.

Oyster Bay, N. Y., Aug. 15.—Baron Kaneko, who on a previous trip to Oyster Bay, described himself as a Japanese of leisure sojourning in America because he liked this country, was the only caller on President Roosevelt Monday. This was the third visit Baron Kaneko had made to Sagamore Hill within a few weeks and he saw the president frequently in Washington during the early summer. He arrived here on a late afternoon train, drove to Sagamore Hill, had a brief chat with the president and took an evening train for New York. Neither he nor President Roosevelt would discuss the nature of his call, although Baron Kaneko insisted that it was nothing to do with the pending peace negotiations between Russia and Japan.

LOCAL NEWS NOTES.

C. M. Patek arrived from Hubert this noon.
F. J. Sykora left for Staples this afternoon.
Miss Barker came down from Smiley this noon.
C. B. Morna, of Aitkin, is in the city on business.
J. C. Herbst left for St. Cloud this afternoon for a visit.
Dr. J. L. Camp returned from St. Paul this afternoon.
G. W. Massey, of Little Falls, is in the city on business.
Miss Mae Holman came down from the north this afternoon.
D. Onan returned from a business trip south this afternoon.
John Coates came up from St. Paul this afternoon on business.
P. J. McKeon returned from a business trip north this morning.
T. W. Harrison returned to his home in Kansas City this afternoon.
Editor Silk, of Pine River, came down from the north this afternoon.
W. D. McKay has returned from a business trip to the twin cities.
Contractor Alex Nelson, of Perham, is in the city today on business.
Dr. Ribble left today for Portland to see the big Lewis and Clark exposition.
"On the Bridge at Midnight" company arrived from the east this afternoon.
George E. Cook, of the Brainerd Lumber company, returned from Minneapolis this afternoon.
A linen shower will be given in honor of Miss May Wilson by Miss Eleanor Theviot the last of the week.
Mrs. Sarah Linneman and Miss Mayme Canan returned this afternoon from St. Paul where they have been for a few days.
Mrs. J. G. Dawes, of Pine River, passed through the city this afternoon en route to Ohio for a visit with friends and relatives.
Sam Thall, advance representative of "The Chaperons" booked to appear at the Brainerd opera house August 22, is in the city today.
Mr. and Mrs. J. C. Atherton and children returned today from Smiley. Mrs. Atherton and the children will not return to the lake again.
Mrs. J. C. Batcheller returned today from Smiley where she has been enjoying an extended outing. Mrs. John Fritz, her daughter, also returned with her.
Mrs. Emerson, of San Francisco, who has been visiting with her daughter, Mrs. F. J. Britton, left this afternoon for Minneapolis where she will visit for some time before returning to her home on the coast.
Chief Bennett announces that there will be another run by the fire department this evening, and members of the city council and the general public is requested to be present at the corner of Laurel and Seventh to see the boys work on the Imperial block.
Miss Berth Stade has resigned as clerk for the H. F. Michael company and will leave soon for Minneapolis where she has accepted a position as manager and buyer of the art needle work department of the Dayton Dry Goods company store. Miss Stade has long been a resident of this city and has been prominent as a clerk, having worked for years for A. E. Moberg before he burned out.

There is more catarrh in this section of the country than at other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

Ladies Don't Forget
You are admitted at the Laurel Street Roller rink free. Take advantage of the offer and learn to skate. The best enjoyment of the day. 62t2

Insure yourself against appendicitis by taking an occasional dose of Dr. Adler's Treatment. This is the only medicine that reaches the human appendix, keeps the organs in a healthy condition and makes an attack of appendicitis impossible. Johnson's Pharmacy

ADDRESSED TO LA FOLLETTE.

Infernal Machine Found by a Michigan Farmer.
Muskegon, Mich., Aug. 15.—Orin Steinhoff, a young farmer, reports here that he found an infernal machine loaded with explosives capable of killing twenty men on the Lake Michigan shore north of here Monday, and that it was addressed to Governor La Follette of Wisconsin.

Yacht Races at Oshkosh, Wis.
Oshkosh, Wis., Aug. 15.—With a driving rain falling and Lake Winnebago rolling with whitecaps, the first race of the Class B boats in the Inland Lakes Yachting association regatta was sailed over the six-mile triangular course, twice around, Monday. Priscilla of Council Bluffs won the race, Barracouta, White Bear, second; Oshkosh, Jr., Oshkosh, third; Pathfinder, Minnetonka, fourth.

Fairbanks Will Speak.
Ellsworth Me., Aug. 15.—Vice President Charles W. Fairbanks and Mrs. Fairbanks, who arrived here Monday from Bar Harbor and were the guests of Senator Eugene Hale and Mrs. Hale, left on a late train at night for Burlington, Vt., where the vice president will speak at the dedication of the Ethan Allen memorial tower on Wednesday.

TELEGRAPHIC BREVITIES.
Sir William Laird Clowes died Monday in London. He was born in 1855. He was known best as a naval critic, historical and miscellaneous writer.
Calvin L. Jenks, a pioneer lumberman of the Mississippi and its tributaries, died early Monday at La Crosse, Wis., at the age of sixty-eight years.
Denver's main thoroughfares are beautifully decorated and brilliantly illuminated in honor of the Fraternal Order of Eagles, whose grand aerial will hold its annual meeting there this week.

TWO KILLED IN COLLISION.
Seven Others Badly Injured in Wreck Near Macon, Ga.

Macon, Ga., Aug. 15.—In a head-on collision two miles from Macon between a northbound Central of Georgia passenger train and a southbound freight at 5 o'clock p. m. two persons were killed and seven badly injured, three so seriously that death will probably result. The dead are Ben Jorjan, mail clerk; Fireman Joe Henry, both colored.
The fatally injured are Mail Clerk E. A. Saunders of Macon and Fireman Will Jordan and Lena Taylor.
Although many were badly shaken up, none of the passengers was seriously hurt. The wreck was caused by a misunderstanding of orders.

KILLED BY A TRAIN.
Two Prominent Young People Meet Death in Vermont.

Rutland, Vt., Aug. 15.—Harris Lindsey, deputy police commissioner of New York city, and Miss Evelyn Willing of Chicago were killed at Pikes Crossing near Bennington, Vt., Monday afternoon, when the automobile in which they were traveling from Manchester, Vt., to Williamstown, Mass., was struck by a train on a branch division of the Rutland railroad from North Bennington. Ambrose Cramer of Chicago, the young nephew of Miss Willing, and J. Adamson, the chauffeur, were thrown out and badly cut and bruised but not dangerously injured. The locomotive and one car were running backward to meet the flyer from Burlington at the Bennington station and were thrown from the rails, the engine being overturned and rolling a distance of ten or fifteen feet from the rails, which were torn up for nearly 100 feet. Engineer William Sibley and Fireman William Mangan jumped from the cab and were unhurt, while fifteen passengers also escaped injury. The automobile was smashed to pieces and afterwards was destroyed by fire.
The injured were removed to the hospital at the soldiers' home and were resting comfortably at night.
Miss Willing and Mr. Lindsey were to have been married next week. Miss Willing was very prominent in Chicago society and Mr. Lindsey was a Princeton graduate and prominent clubman of New York.

Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

WISCONSIN MAN MURDERED.
Albert Gunderson Killed and Robbed in Colorado.

Cheyenne Wells, Colo., Aug. 15.—Albert Gunderson of Racine, Wis., was found dead Monday near this place in the right of way of the Kansas Pacific railroad. His head had been pounded into a pulp with a barrel stave. The body had been robbed of everything of value.

DECISION IS RENDERED

REFEREE PLUMLEY OF VERMONT DECIDES CLAIMS AGAINST VENEZUELA.

OBTAIN LITTLE SATISFACTION

CLAIMANTS ARE AWARDED LESS THAN A MILLION DOLLARS BY THE UMPIRE.

Northfield, Vt., Aug. 15.—Claims aggregating 5,000,000 francs held by the French government against Venezuela, have been decided by Referee Frank Plumley of this place, to whom they had been referred for a decision and final adjudication. Mr. Plumley's decision was announced here Monday to representatives of the two governments, Count Perit de la Rocca and Dr. Jose de J. Paul.

Eight cases involving claims of 40,000,000 francs against the government of Venezuela were submitted to Mr. Plumley. Of the eight cases two were dismissed for want of equity and one was disallowed.

The claims were for damages alleged to have been sustained by French citizens conducting mercantile enterprises in Venezuela during the insurrection of 1901. Mr. Plumley's decision is final.

The claims dismissed by Mr. Plumley for want of equity were those of Friedrick & Co., and the heirs of Thomas Massini. The former was for 175,086 francs and that of Massini, for 270,813 francs. The Venezuelan commissioner had already rejected these claims and he was supported in his contention by Referee Plumley.

The claim disallowed, one of the largest presented, was that of Antoine Fabani, for 9,509,728 francs. Venezuela had declined to pay any part of the claims. After considering the arguments of both governments in the cases, Mr. Plumley ruled in favor of Venezuela.

Awards Comparatively Small.
The exact aggregate of the claims presented was \$8,215,245, the total amount awarded to five claimants \$636,212.

The largest amount allowed by the referee was \$464,852, given to the company general of Orinoco, on a claim of \$1,489,907. The heaviest reduction made in any claim was in the case of the Venezuelan railroad, in which damages to the amount of \$3,567,219 were cut by the referee to \$74,860.

The other claims settled were: Poerl Domisque, claiming \$274,007, given \$57,900.

The heirs of Yuan Maninat, claiming \$28,000, given \$19,300. France offered to settle for \$96,500 and Venezuelan rejected the claim.

Jules Brum, claiming \$96,500, given \$19,300.

The decision of the referee was made final by the terms of the protocol between the two countries, under which they agreed to leave to the decision of an umpire the contested claims.

AMONG THE REVENUE AGENTS.

Big Shape-Up Reported to Have Taken Place.

Washington, Aug. 15.—The Star says there has been a big shape-up among the revenue agents of the internal revenue service, but just how far it has gone is a matter of speculation. It is stated, however, that four well known revenue agents have been asked for their resignations, and at least two of the four have come here for a personal conference with Commissioner Yerkes of the internal revenue bureau. These are Captain Charles H. Ingram, in charge of New England work, stationed at Boston, and C. H. Burg, who has had a section of the Southwest under his charge, and has been located in Texas. The names of the other two agents could not be learned. Commissioner Yerkes would not discuss the matter. It is said the agents have not been doing their duty.

SEPARATION IS FAVORED.

Norway's Vote to Repeal Union With Sweden Practically Unanimous.

Christiania, Aug. 15.—The returns from the national referendum on the dissolution of the union with Sweden show that out of 321,358 votes cast only 161 are against the dissolution. The storting has been summoned to meet Aug. 21 to take the next step towards the repeal of the act of union in agreement with Sweden.

Recently it was reported that Prince Charles of Denmark had received a tentative offer of the Norwegian crown. It seems probable that the offer will be made a positive one unless King Oscar speedily signifies a willingness to approve acceptance of the throne by a prince of the house of Bernadotte.

Eight Hundred Houses Damaged.
Caracas, Aug. 15.—The river Apure has overflowed its banks at San Fernando, which has been inundated. Eight hundred houses have been damaged.

All of the Crew Lost.

North Sydney, N. S., Aug. 15.—A small schooner off Lingan Head was struck by a severe squall Monday and capsized. It is believed that all of the crew were lost.

FURS

FURS

The coming season 1905-6 will be an especially noteworthy one, because of the many new creations which have been originated in the fur productions. Never before has the variety been so large and so handsome. It affords me much pleasure to make this announcement and invite your inspection of my beautiful sample line of furs which will be on display in Brainerd at

The City Hotel Ladies' Parlors

COUNCIL OPENED BIDS FOR SEWER

Lateral Sewer in Block 43 Will
Be Enlarged, Contract Being
Let Last Night

TO SLIPP-GRUENHAGEN COMPANY

R. R. Wise Ordered to Have Frame
Building Moved From Front
Street in Seven Days

There was a special meeting of the city council last night called for the purpose of taking action relative to the lateral sewer in block 43. President Johnson was in the chair and the following aldermen were present: Halladay, Peterson, Squires, Opsahl, Armstrong, Baker and Farrar.

When the matter of enlarging the sewer in block 43 came up it was found that there was but one bid in for the work, which had been received on July 17, but which was ordered taken from the table. This bid was from the Slipp-Gruenhagen company. The bid was \$1 for the 12 inch sewer, 85 cents for the 10 inch sewer and \$45 for the manholes. The total amount of the bid was \$321. This being the only bid in the contract was awarded to the Slipp-Gruenhagen company.

This sewer when completed is intended to carry off the water which accumulates during rain storms and thaws. Since the new buildings were erected in this block the old sewer was deemed inadequate for the purpose.

On motion the council last night ordered R. R. Wise to remove the frame building on the corner of Sixth and Front in seven days.

The street commissioner was instructed to repair the Rice Lake culvert in East Brainerd.

MORE CUYUNA NEWS

Correspondent Morrison, of The Duluth Herald Writes More of This Great Ore Region

Continuing on the subject of the Cuyuna range Correspondent Morrison, of the Duluth Evening Herald says:

"On the easterly side of section 20-46-28 Cole & McDonald are drilling on a fee owned by L. L. Brown and others. This is known as the Crone land, and some very fine ore has been encountered, according to information furnished me.

"Drilling done north of this, on the east half of the northeast quarter of section 20, a property belonging to Cuyler Adams and associates, showed an easterly and westerly width of 300 feet of ore, somewhat diagonally, of course, across the strike of the ore body. Assays of ore found by that work gave 57 per cent in iron, no sulphur and .02 in phosphorus.

"Mr. Adams is operating one drill at present on this belt near Reno lake, making six drills in all on the south range.

"The Rabbit Lake country, through which runs the so-called 'North Range,' is experiencing a great activity, and George H. Crosby has been making history in there the past week.

"For over a year Cuyler Adams and associates have been drilling on section 30-47-28, near Rabbit Lake, with the result that over 3,000,000 tons of ore have been proven with drills. Over twenty holes have been drilled, showing up ore for 2,000 feet in length, over 150 feet wide, and without finding both hanging and foot wall. That drill is running still.

"It will be remembered that about a dozen different parties were after lands in section 29 and 32, 47-28, belonging to Fred and Christ Ehrlich. Finally, when George H. Crosby arrived on the scene, three different parties were actually on the premises, striving for an option. One crowd was in the potato patch, a second in the barnyard and a third on the woodpile. Something about the erstwhile dealer in Duluth dirt caught the fancy and confidence of the Ehrlich family, and with one voice, the members exclaimed: 'We wish to sign your papers.' Mr. Crosby accordingly took them into his carriage, drove off to a notary and left the three different and disappointed gangs of option-seekers scattered over the Ehrlich premises.

"Mr. Crosby rushed a drill out there, and the first hole struck ore at a depth of 102 feet, after four days' work. That drill, five days ago, was sixty feet in fine, hard ore, with no bottom in sight. This hole is, too, three-eighths of a mile from drilling on section 30, done by Mr. Adams, and on the southwest quarter of section 29.

"The ore from this hole, so far as drillings show, looks very fine. It assays from 55 to 60 per cent in metallic iron, with very satisfactory percentages in other constituents. Thus far, in fact, it is merchantable ore.

"Mr. Crosby also has a drill at work on section 36, 47-29, on land held under state lease by Richard Long, and for

which lease he will receive \$10,000 if Mr. Crosby exercises his privilege. A drill started there got down sixty-eight feet and then broke a bit. That caused a delay, but all interested are very hopeful, and confidently expect some good news any day.

"Mr. Crosby controls ninety-four forty-acre pieces in that vicinity and at once will send out three additional drills. These will be in charge of Gust Carlson, an experienced drill man.

"Mr. Crosby also figures on taking over the entire holdings of the Mineral Lands and Mining company, south of Cedar lake, in section 7, 8, 17, 18 and 21, 46-27; and sections 13, 24, 46-28.

"While my information is not direct from the principals, I am creditably informed that the Shenango Furnace Co., through Mr. Barrows, the Duluth representative, has taken from Messrs. Oberg and Jamieson, lands in section 2 and 35, 46-29, and will put on drills at an early day. The Shenango people also have other lands under advisement and their entrance into the field promises to be very serious and important.

"M. F. Kalmbach, only a few days ago, closed a deal with very wealthy men and heavy iron operators that may be even more significant than the move by the Senango people. They take his options and pay for the fees, giving him five cents a ton royalty for his bargains. The deal embraces 155 acres in section 3; 79 acres in section 4; 205 acres in section 9, 46-29, around Little Rabbit lake. Three drills will be sent out there at once.

"The buyers require that their identity be concealed and, being men of power and wealth, they are in a position to have their slightest wish respected. They are two of the wealthiest men and heaviest iron operators in Duluth, however.

"The Cuyuna range and the main portion of the Mesaba have an aspiring competitor. For a couple of years W. H. Shea, Sr., the sturdy warrior in the Cedar Lake island fight, has been following up what he considers an extension of the Mesaba from Grand Rapids to Pine River, on the M. & I. railroad. Others, too, have followed the same lead. In that region north of the Mississippi river, south of Leech lake, southwesterly of Grand Rapids, clear through to Pine River station, Mr. Shea has prospected and found many surface indications, outcrops, floats, etc., of a genuine Mesaba formation. He has taken many options and, ten miles east of Pine River, has been operating a drill in a good-looking formation, but to date has struck no ore in place. Minneapolis people are interested with him and just now, I am told, negotiations are on for a sale of some of his options and buildings. Recently, when in Duluth, he had samples of iron, jasper, taconite and quartzite that looked like the real thing.

"But Mr. Shea is not the only one scurrying around in that region. A month ago, Robert Whitesides sent out an expedition equipped for a two month's trip. It consisted of five men, including a cook. In the party was E. Le Duc, a dip needle artist; John Watt, an experienced woodsman and Mr. Whitesides' nephew. What they are finding no one knows, of course. The party even pretends to be out for pine timber, but there is indisputable evidence that iron is the real object sought.

"It will be remembered that W. P. Lardner took out ninety-state leases in one day at St. Paul a few weeks ago. The lands were in this region and rumor has it that Mr. Lardner represented Louis Rouchleau and that, in fact, he has done so for a couple of years. It is known that David T. Adams and Neil McInnis have visited that region and many believe that both Adams and Rouchleau are interested together. For many weeks T. T. Hudson has been scurrying around, scanning records, taking options and paying over option money. He is credited with representing Mr. Rouchleau and, in this work, has been seen at Pine River, Brainerd, St. Paul, Minneapolis and Duluth. Only a few weeks ago, a pile of bills almost as high as your hat came into Pine River by express and was thrown into the safe of a local attorney to be used in taking up options on iron lands.

"The great question just now is not so much as where iron will be found in northern Minnesota but, rather, where it will not be found."

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve, for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at H. P. Dunn & Co.'s drug store; guaranteed.

NABBED AS HE WAS HIKING OUT

Dan Dike Arrested on a Warrant
Charging Him with Conceal-
ing Mortgaged Property

CREDITORS ARE BUSY AS BEES

Case was Called in Municipal
Court this Morning and Ad-
journd Until Tomorrow

Dan Dike was nabbed by Sheriff Erickson yesterday afternoon just as he was taking the train at Merrifield for the north. Dike was arrested on a warrant sworn out by the General Mercantile and Investment company, charging him with concealing mortgaged property.

It seems that the property which was mortgaged was taken to North Dakota about a year ago only a few days after the defendant received the same from the company making the complaint. It was reported to the company that Dike was at home for a few days near Merrifield and the warrant was immediately secured for his arrest. Dike has secured Attorney M. E. Ryan to defend him.

No sooner had the news of Dike's arrest been made public than a half-dozen or more creditors presented themselves to his august majesty. He has several creditors in the city and it is believed that they all have mortgages on the same property.

Dike is very well known in this vicinity having lived in Brainerd for some time.

No such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for every looseness of the bowels.

Russell and Cathoun at Caracas. Caracas, Aug. 15.—William L. Russell, the newly appointed American minister to Venezuela, and Ex-Judge W. J. Cathoun, whom President Roosevelt appointed special commissioner to Venezuela, arrived here Monday.

MUSIC AND DRAMA.

"ON THE BRIDGE AT MIDNIGHT" TONIGHT. Tonight "On the Bridge at Midnight" will be presented at the Brainerd opera house.

Not many plays have a stronger appeal to human sympathy than "On the Bridge at Midnight" with its sightless mother looking for her stolen child while the tide of events flows all against her as she gropes about in the heart of a great city. But even the sad side of city life has its humor and this is very ingeniously introduced in "On the Bridge at Midnight" with two characters among others, that have become popular as the famous drawbridge scene, Germany the professor and Reddy the bootblack. Klimt and Gazzolo have not made the mistake often to be noted in some flamboyantly advertised plays, of relying entirely on a bit of scenery to get the attention and patronage of the public. They offer a drama with even such as the bridge scene taking its proper place as an aid to the story. The company presenting "On the Bridge at Midnight" this season includes two capable comedians for the leading comedy characters. Prices 75, 50 and 25c.

"UNCLE JOSH PERKINS"

"Uncle Josh Perkins" will undoubtedly attract a large audience at the Brainerd opera house when it is produced there tomorrow night as the piece has proven one of the popular rural comedies produced in recent years. While "Uncle Josh Perkins" has a most interesting plot, the lines are well written, the characters well drawn, and the action natural and not forced. To add to the production, Frazee & Bay have equipped it with a scenic environment while the acting company is made up of good talent and includes a number of well known favorites. Prices 75, 50 and 25c.

Don't wait until your blood is impoverished and you are sick [and ailing, but take Hollister's Rocky Mountain Tea. It will positively drive out all impurities. 35 cents, tea or tablets. H. P. Dunn & Co.

Public Is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at H. P. Dunn & Co.'s drug store; price 50c.

Fine Place for Outing.

Gull lake is queen of Northern Minnesota lakes. The water is fine; the fishing is excellent. I have had the property known as the John Bishop place repaired, refurnished and can now give excellent accommodation to transients. I have new boats and plenty of room. Charges moderate.
